

FIBERMARK, INC. ANNOUNCEMENT

August 9, 2006

The Board of Directors of FiberMark, Inc. announced today that the Company has signed a definitive Agreement to sell its Germany subsidiaries to Neenah Paper, Inc. The sale is expected to be completed in the fall.

This transaction will have no effect on the North American and UK businesses of FiberMark, Inc. as the German subsidiaries are in largely unrelated businesses.

FiberMark Inc.'s North American business continues to perform well and, as a result of its improvement efforts, it now generates profits and cashflow. This transaction enables FiberMark, Inc. to further focus on growth and improvement opportunities in its core businesses – Office Products, Publishing/Packaging, Technical Specialty Products, and Security and Visual Products.

The Board of Directors would like to express its appreciation to the management team and employees of the German subsidiaries for their hard work and strong business and financial performance. As a large, experienced and multi-national organization, Neenah will enable the Germany subsidiaries to continue to capitalize on their growth opportunities.
